

What is **TITLE INSURANCE**

WHAT IS A TITLE?

Simply stated, the title to a piece of property is the evidence that the owner is in lawful possession of that property.

WHAT IS TITLE INSURANCE?

Title insurance protects real estate owners and lenders against covered risk or loss they might experience because of liens, encumbrances or defects in the title to the property. Each title insurance policy is subject to specific terms and undisclosed exclusions.

HOW DOES TITLE INSURANCE DIFFER FROM OTHER INSURANCE?

Insurance such as car, life, health, etc., protects against potential future events and is paid for with monthly or annual premiums.

A title insurance policy insures against events that occurred prior to closing. The cost is a one-time premium paid at the close of the escrow.

WHAT DOES IT COVER?

Title insurance protects against covered claims from defects. Defects are things such as another person claiming an ownership interest, improperly recorded documents, fraud, forgery, liens, encroachments, easements and other items that are specified in the insurance policy.

WHO NEEDS IT?

Purchasers and lenders need title insurance in order to be insured against various possible title defects.

The buyer, seller and lender all benefit from issuance of title insurance.

HOW IS A TITLE INSURANCE POLICY CREATED?

After the escrow officer or lender opens the title order, the title agent or attorney begins a title search. A Title Commitment is issued to the customer for review and approval. All closing documents are recorded upon escrow's instruction. When recording has been confirmed, loans are paid, funds are disbursed, the title insurance policy is created.

WHAT IS ESCROW?

Escrow refers to the process in which the funds of a transaction (such as the sale of a house) are held by a third party, often the title company or an attorney in the case of real estate, pending the fulfillment of the transaction.
